

September 5, 2006

To Whom It May Concern:

We are a property management company in Collingwood currently managing twenty-two (22) condominium corporations consisting of 726 units.

We have been dealing with Georgian Sprinklers for the past 5 ½ years and have been very satisfied with their level of service. They currently service eleven (11) of the twenty-two (22) Corporations and will continue to do so.

We have found them to be very prompt when called to deal with various maintenance situations and have also noticed their customer service keeps improving with each year.

Should you require any additional information, please do not hesitate to contact our office.

Sincerely,

Mike Salnek, R.C.M.
Property Manager
